Personal Projects / Achievements

Achieved 1st in National Adobe Youth Voices competition, *2014 - 2015*

An app design for understanding sensory overload. For more about this contact me. Also this was entered into the the international adobe youth voices competition where it was in the top three.

Personal website, http://dcved.weebly.com/ *December 2016 - 2017*

A personal website on my experience of games. Made with weebly.

Unesco Youth Conference *summer of 2014*

Where I talked about youths with special needs in youth groups/clubs. I talked about the running and why they should do this.

Built my own Computer *2016*

Volunteering

Galway Autism Partnership, Techspace , *2014*

Techspace volunteer teaching various skills to young teenagers suffering from autism.

Transition Year, The Green Fox, *2014*

I worked with the boss in the shop helping the customers and helped out with the sale of items and other odd jobs around the shop. It was for one week.

EA(Electronic Arts), EA, *2016*

I worked with the testing team for 10 working days and help them test games and apps. If more information is required, please ask me.
